

What Our Clients Are Saying About Us

*“One of the best things I like is having the daily report. It helps me to keep up with the activity on our account on a daily basis. I don’t have to wait until the end of the month to resolve any issues which may need some attention, such as an outstanding check or deposit. Thank you to everyone at **iTracs** for making things so much easier.”*

*“I have been using **iTracs** for a few months now and have to say that I am impressed with how well it works. We have a small one-person office (me), and it frees my time up from working on the Escrow account to do other much-needed tasks. Additionally, I do not have to worry about missing something that wasn’t posted. If I miss something, **iTracs** sends me a notice and I take care of it. It is very easy to use and I would recommend it to anyone wishing to simplify the requirements of maintaining your Escrow accounts.”*

However, our company signed on with **iTracs**, and the entire process from getting signed up to being completely online with them has been an absolute breeze.”*

*“Now that our office has been using **iTracs** for the past few months, I do not know how we lived without it! The Morning Report is such a time saver, not only by providing instant alerts to potential trust account problems, but making it possible to easily correct these transactions along the way so that when the Reconciliation Report is generated the account is in perfect order. Additionally, the support from the **iTracs** team is outstanding – always available to answer questions and provide training in navigating the website. I recommend **iTracs** to every law firm!”*
